FAQ

The ones that do have a problem with the submit button say that nothing happens when they click on the email button.. Email submit button in LiveCycle PDF not working I created a PDF form in LiveCycle designer and everything works perfectly except some people (not all) have a problem with the email submission button.. I can't figure out why some people have a problem with the email button and why some do not.

2. [adobe livecycle designer sap](#)
3. [adobe livecycle designer replacement](#)

I created this by using a regular button and then added the 'mailto;' link in the url box & 'save form as PDF' so they can send the filled out pdf instead of just the data.
